If you want to send us a group of students for our Summer camps in Bournemouth, please choose whether you would like to be treated as a group or rather as several individuals.							
Partly mixed group: As a group you can choose to be mixed in lessons and/or in accommodation, but otherwise you will be just together as your own group, like on excursions and activities. You will have one or more of your own group leaders who will be responsible for the group. The advantage is that you don't have to share anything and can choose your excursions from our extensive list but it will be more expensive.							
Fully mixed individuals: If you choose for your group to be treated as individuals and to be fully mixed you can save a lot of money as you will be sharing coaches/buses, tour guides and teachers with other individual students from all over the world. However, in that case we will decide which excursions will take place as we have to fulfil the needs of all students in one group. One group equals the amount of students fitting into one coach/bus. The group will be split during lessons, according to language level, but will be together on excursions and activities. We will provide several of our own group leaders in each group who will look after your students but if you wish your leader can join as well.
