Study in the heart of the capital

Why Regent London?

Experience England's capital city

Our school has a superb location: a grand, historic building in a quiet, historic street just minutes from Covent Garden and Trafalgar Square. London is a historic city with much to offer visitors. Our staff can advise you how best to use your time- perhaps visiting the National Gallery, or going on a boat trip on the Thames, or seeing a top London show? In London there really is something for everyone.

A magnificent school in the heart of London

Our 300 year old school building is part of London's history - it belonged to the famous diarist, Samuel Pepys. It is next to Embankment Gardens and the River Thames - a quiet oasis of learning in the heart of busy London. Students can use our terrace room to study and socialise outside of the classroom.

Ideal for mature and motivated learners

Regent London is a centre of academic excellence and has a well-deserved reputation for delivering supportive, motivational and effective teaching. Our clients - often mature, impressive, successful individuals in their professional lives - demand results. Our goal is to provide you with a learning experience that will have an immediate impact and a lasting effect on your life.

I learnt how to give a presentation (structure, body language, speaking in front of other people etc.) and how to held a meeting (playing different roles i.e chairman etc.) and do negotiations. I also learnt more about cultures other countries from the presentations my classmates.
